
2018-2023 Harley-Davidson All Softail M8 Front Axle Cover Set Mounting instructions

1. Check all clearances before, during and after installation.
2. Clean and degrease the surfaces you want to apply the covers.
3. Check the position of the Covers.
4. Remove the front liner from a sheet of 3M™ Press-In-Place Emblem Adhesive.
5. Firmly press the backing side of the Cover into the sheet of 3M™ Press-In-Place Emblem Adhesive.
6. Peel sheet away and be sure that adhesive has transferred to the backing of the Cover (will see adhesive removed on 3M™ Press-In-Place Emblem Adhesive).
7. Firmly press the back side of the Cover onto the desired location. Press lightly at first to insure correct position, then press firmly to secure the bond. This is pressure-sensitive adhesive; press as firmly as possible without damaging the Covers or vehicle for the strongest bond.
8. Congrats! The installation is complete. Now you are the Customizer 😊

Killer Custom assumes no responsibility or liability for damage or injury of any kind arising out of the use or misuse of any products.
